On behalf of BestLifeRates.org, we'd like to congratulate Jacob Hotovy, and present him with the **Grand Prize of \$1,000** towards tuition for his video titled, “When Life Doesn't Go As Planned.”

While we had a great selection of entries for this year's scholarship, Jacob's video was clear and concise on the importance of life insurance, while presenting it in a dramatic and emotional fashion which Americans can understand and empathize with.

We also want to thank all other participants and applicants for taking the time to spotlight your talents and passion for film making, and we wish you the best in your careers moving forward. If you still meet the requirements, we welcome re-entry into next year's scholarship opportunity, as well.
